

DataSquare

YOUR DATA MANAGERS

Aras Innovator E-mail Connector

ACE 2010

- DataSquare offers consulting and solutions all around digital company data
 - Consulting teams including engineering, computer, science and business experts advise and service companies in every aspect concerning data management and software development
 - Services encompass compact systems for small and medium sized companies up to complex solutions for exchange-listed corporations

- Provides full service enterprise PLM solution implementation and systems integration services to companies with complex products and processes

- Aras Partner since 2008

- Partner of Adobe, Dassault/SolidWorks, IBM, Microsoft, VisualCockpit

- Hendrik Roreger, Master of Computer Science,
PLM Consultant and Aras Innovator Solution Architect
hendrik.roreger@datasquare.de

- Integration of e-mails into the PLM system
 - Comprehensive administration of all in- and outgoing e-mails incl. attachments
 - Gapless documentation of e-mail communication
 - Optimization of the information flow
 - Compatible with existing solutions (PLM, CMII...) through extension of document
 - Works with all IMAP compatible clients (e.g. Outlook, Lotus Notes, Thunderbird, Smartphone support is in development)
- ➔ Open solution, free download (extended features and tailoring by DataSquare consulting services)
