*CAD Integration Strategies*  
*Approaches for Integrating PLM and CAD*

Aras Community Network

International Event: Spring 2008

May 7, 2008

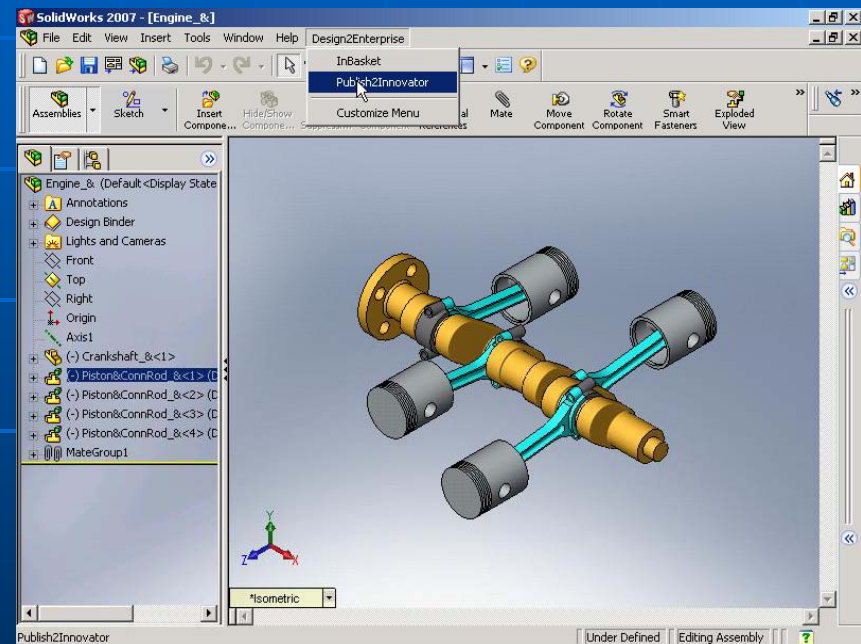

# Design 2 Enterprise Services

- Custom Integration Development
  - Mechanical CAD
  - Electrical CAD
  - Product Data Management
  - Enterprise Resource Planning
- Innovator Customization and Deployment
  - Business Process Automation
  - Custom Forms
  - Custom Workflows

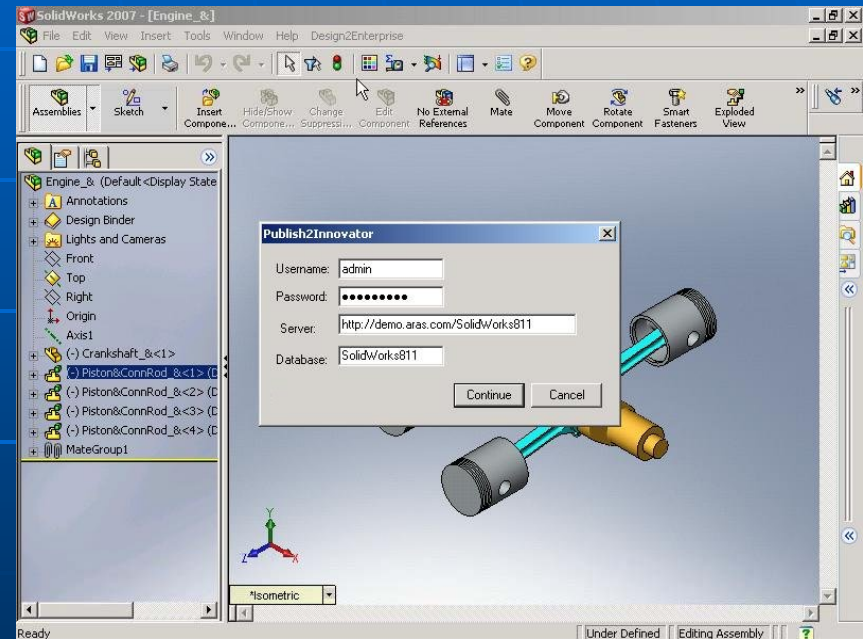

# Publish2Innovator Overview

- Duplicates CAD Product BOM within Aras Innovator
- Quickly Creates Aras Innovator Parts and BOM Relationships
- Runs From CAD Application Menu

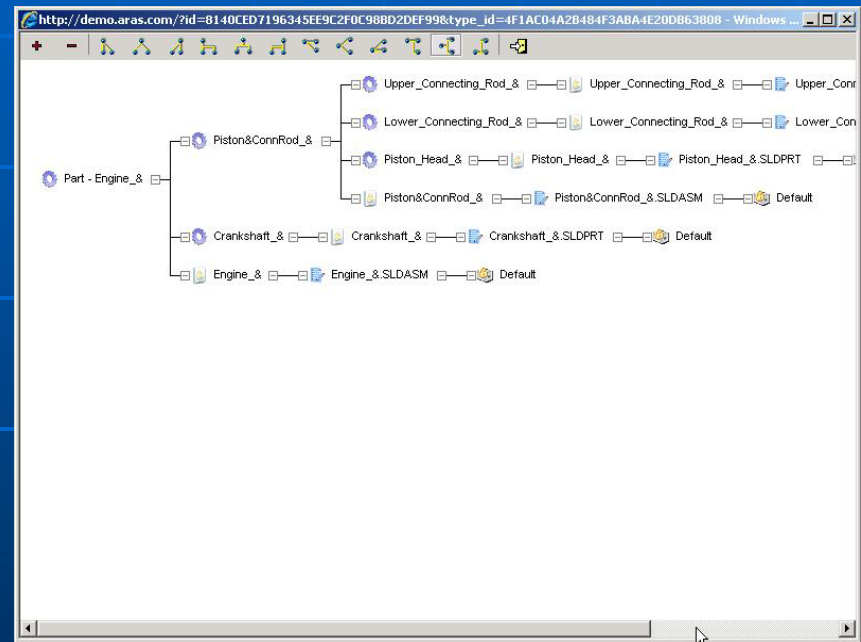

# Publish2Innovator Features

- Verifies CAD Model Release Readiness
- Extracts CAD Model Properties
- Uploads Viewables
- Secure PLM Login

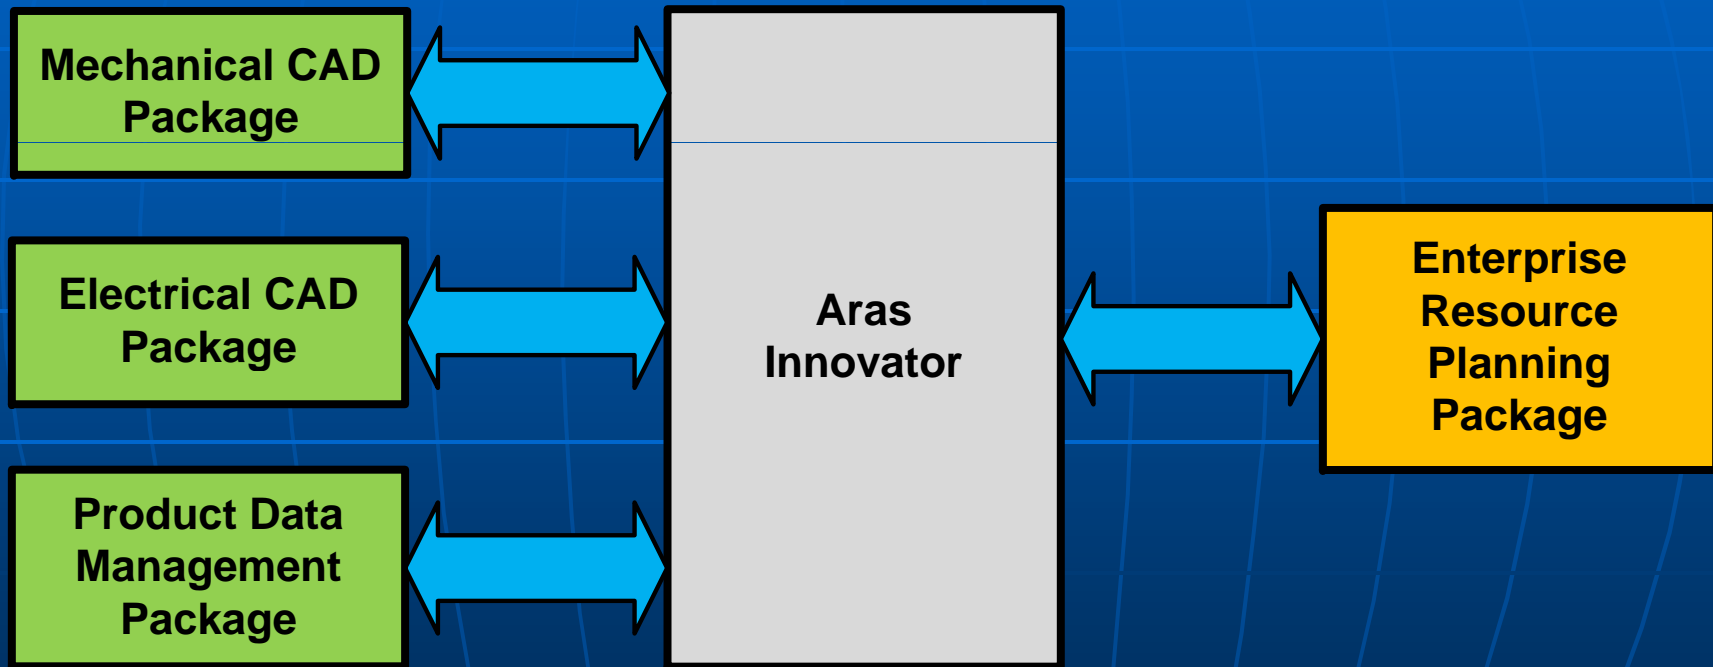

# Publish2Innovator Benefits

- Save Time
  - Quickly Creates Innovator BOM Structure
  - Eliminates Manual BOM Data Entry
  - Automates Release to Manufacturing
- Minimize Costly Rework
  - Prevent Handoff Errors
  - Build First-Run Product Exactly as Specified

# Publish2Innovator Architecture

# Learn More

- Publish2Innovator for SolidWorks and Solid Edge Available Now
- Live Demonstration Later Today
