

Company Summary:

Aras is a fast moving high tech start-up that delivers innovative software solutions to leading companies such as Motorola, XEROX, and TEVA Pharmaceuticals. Aras software helps companies collaborate during product development using open source and Web 2.0 technologies. Aras has leading VC investors and provides excellent hands-on start-up experience with broad responsibility and exposure.

Aras is located north of Boston in Andover and is an easy commute for someone living in the Boston/Cambridge area or New Hampshire with a car (reverse commute makes travel fast and very little traffic).

Internship Position:

Video Developer and Graphic Designer (Paid Position)

Responsibilities:

You will be responsible for working on videos and graphics to expand and enhance our ability to convey visual information and encourage social networking via Web 2.0 technologies and strategies including YouTube, Vevo, Flickr, and others. You will create, record, edit, and manage content to promote the company's message, flagship product and online community. Your responsibilities will include working on videos, graphics and other activities. Bring us your ideas, create cool videos, have a fun summer and get experience in the process.

Skills:

- Hands-on experience with Video editing packages, preferably Adobe Premiere or Apple Final Cut
- Proficiency with Photoshop, Illustrator and Microsoft Web technologies
- Knowledge of HTML, ASPX, CSS, XML and Javascript helpful
- Interest in learning the latest Google search / SEO techniques and approaches
- Creative ability, aesthetics, and layout
- Competence in working with Internet systems and Microsoft Office necessary
- Detail-oriented with big picture perspective
- High level of energy, enthusiasm, initiative, and responsibility
- Can work both independently and as part of a team
