Send Us Your Comments

Aras Corporation welcomes your comments and suggestions on the quality and usefulness of this document. Your input is an important part of the information used for future revisions.

- Did you find any errors?
- Is the information clearly presented?
- Do you need more information? If so, where and what level of detail?
- Are the examples correct? Do you need more examples?
- What features did you like most?

If you find any errors or have any other suggestions for improvement, indicate the document title, and the chapter, section, and page number (if available).

You can send comments to us in the following ways:

Successive menu choices	Successive menu choices may appear with a greater than sign (-->) between the items that you will select consecutively. Example: Navigate to File --> Save --> OK .

1 Client Configuration

1.1 Installed Software

This release of Aras Innovator requires the use of Mozilla Firefox version 45 ESR or 52 ESR.

1.2 Required Settings

You need to have administrative rights to disable automatic updates for FireFox:

1. Open a new FireFox window.
2. Click the **Menu** icon and select Options.
3. Scroll down to **Firefox Updates**.
4. Select the **Never Check for Updates** radio button.

Figure 1.

5. You must set the **browser.tabs.remote.autostart** and **browser.tabs.remote.autostart.2** preferences to false as follows:
 - a. Open a new Firefox window.
 - b. Navigate to **about:config**. The following message appears:

Figure 2.

- c. Click **I accept the risk!**
- d. Set **browser.tabs.remote.autostart** to false.
- e. Set **browser.tabs.remote.autostart.2** to false.

Figure 3.

- 6. Open a new Firefox window and browse to Aras Innovator.
- 7. You should now be able to log into Aras Innovator.

1.3 Optional Settings

The Gantt chart in Aras Innovator may appear different when printed. The printed Gantt chart may appear different due to the missing background colors and images. You can fix this issue by configuring a few settings on the client machine.

To fix or prevent this issue, configure the following settings:

- 1. Open Firefox browser.
- 2. Navigate to **Menu --> Print** and click on **Page Setup**.
The **Page Setup** dialog box appears.

Figure 4.

3. Select the **Print Background (colors and images)** check box.
4. Click **OK**.

2 Troubleshooting

This section describes some of the common problems people encounter when they set up the client.

2.1 My pre-defined language pack and locale are not properly displaying when connected to Aras Innovator

The localization settings for the client are pulled from the 'Languages' setting of Firefox browser as opposed to the 'Region and Language Settings' of the system.

Use the following procedure to change language settings:

1. Open Firefox browser and go to **Menu > Options**.
2. Scroll down to the **Language and Appearance** section.

Figure 5.

3. Click **Choose** in the Languages section. The Languages dialog box appears.

Figure 6.

4. Click **Select a language to add...**
5. Select the required language and locale. For example, Japanese [ja-JP].
6. Click **Add**.
7. Move the selected language to the top using **Move Up**.
8. Close the browser.
9. Login to Aras Innovator as administrator.
10. Confirm that the selected language is applied.

2.2 Firefox Allows a Maximum of 20 Pop-ups

A user cannot open more than 20 pop-up windows in the Firefox browser by default. If a user tries to open more than 20 pop-up windows, the following error appears:

Figure 7.

To resolve this issue, use the following procedure:

1. Open a Firefox browser.
2. Type **about:config** in the header bar.

The following warning message appears.

Figure 8.

3. Click **I accept the risk!**
4. Enter `dom.popup_maximum` in the search field. Right-click on it and select **Modify** from the popup menu.

Figure 9.

The **Enter integer value** pop-up appears.

Figure 10.

5. Specify a very high integer value such as 5000 for **dom.popup_maximum**.
6. Click **OK**.

2.3 .hwf file not displayed in the viewer

When a user clicks on the “3D Viewer” icon on the sidebar of an Item window, .hwf file must be appear in the Viewer. But the user sees an error and the file does not appear.

Use the following procedure to resolve this issue:

1. Open a Firefox browser.
2. Type in **about:config** in the menu bar.

The following warning message appears.

Figure 11.

3. Click **I accept the risk!**
4. Type **webgl** in the search input.

Figure 12.

5. Right-click on **webgl.force-enabled** and select **Toggle** to change its value to **true**.
6. Close and restart Firefox.
7. Login to Aras Innovator as an administrator.
8. Click on the 3D viewer icon on the sidebar of an Item window to confirm if the .hvf file appears in the viewer.

2.4 Note about Aras PDF Viewer

Aras PDF Viewer is a feature included in Aras Innovator to display PDF documents as part of the Visual Collaboration feature. However, the technology used to make the feature display PDFs is browser specific. Users may experience differences in behavior when loading in Internet Explorer vs FireFox or Chrome. While all browsers provide the same functionality, the user experience will be slightly different.
