Exciting community news! In January Aras made the Aras Innovator solutions available as Microsoft enterprise open source. Now, the award winning Aras software is downloaded for FREE!!!

### Aras Solutions are now Enterprise Open Source [No Charge Download]

Last month Aras rocked the enterprise software industry when we made the entire Aras Microsoft enterprise software solution suite available for free through open source distribution.

The same Aras software running at leading companies like Motorola, Delphi, Ingersoll Rand, ACCO Swingline, and the US Army can now be downloaded for no charge.

Proven solutions for NPI new product introduction, APQP quality compliance, and enterprise PLM now come in the production-ready download with complete access for unlimited users at no cost!

### Leading Companies Compliment Existing Systems with Aras

Companies of all sizes are using Aras solutions to extend existing ERP and PDM systems. One such leader is Varian Semiconductor Equipment Associates.

Varian uses Aras Innovator for change management with online workflows that are integrated to their

existing Agile PDM system. They now have flexible workflows that route product changes to the appropriate people for review & approval according to the CMII principles for configuration management.
