EVENT - Aras Community Network International Event - May 7, 2008

Plan now to attend and join us for the ACN Spring 2008 Event - *One Day Only!* We had to switch the date to get a big enough auditorium. We're going to do it at the Microsoft offices in the Chicago area.

Date: Wednesday May 7, 2008

Location: Downers Grove, IL (just outside Chicago)

No Registration Fee: Free to Attend (Space is Limited)

Whether you're a business executive at a division of a large enterprise, a manager at a mid-sized company, or the IT pro at a start-up, you'll get information and insight on best practices to achieve success with the Aras Innovator solutions.

Don't miss this chance to gain valuable knowledge from other corporate community members. It's **FREE** to attend, and space is limited so registration is required.

MILESTONE - 8 Years for Aras

This month marks Aras' eighth year in business! Aras was founded by Peter Schroer to deliver next generation solutions for the complex business processes required to manage product-related information across the lifecycle and around the world.

Now, eight years later we are proud to be repeatedly recognized as providing the most advanced enterprise SOA software solutions on Microsoft for Product Lifecycle Management.

We made the move last year to the Microsoft open approach because we recognized that enabling community involvement around the world would unleash new innovations and rapidly expand and extend the Aras solutions for everyone.

We are excited by the growing community and all the activity and look forward to celebrating many more birthdays to come with you all!
